SMITH AND THE PHARAOHS AND OTHER TALES (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Scientists, or some scientists-for occasionally one learned person differs from other learned persons-tell us they know all that is worth knowing about man, which statement, of course, includes woman. They trace him from his remotest origin; they show us how his bones changed and his shape modified, also how, under the influence of his needs and passions, his intelligence developed from something very humble. They demonstrate conclusively that there is nothing in man which the dissecting-table will not explain; that his aspirations towards another life have their root in the fear of death, or, say others of them, in that of earthquake or thunder; that his affinities with the past are merely inherited from remote ancestors who lived in that past, perhaps a million years ago; and that everything noble about him is but the fruit of expediency or of a veneer of civilisation, while everything base must be attributed to the instincts of his dominant and primeval nature. Man, in short, is an animal who, like every other animal, is finally subdued by his environment and takes his colour from his surroundings, as cattle do from the red soil of Devon. Such are the facts, they (or some of them) declare; all the rest is rubbish. At times we are inclined to agree with these sages, especially after it has been our privilege to attend a course of lectures by one of them. Then perhaps something comes within the range of our experience which gives us pause and causes doubts, the old divine doubts, to arise again deep in our hearts, and with them a yet diviner hope. Perchance when all is said, so we think to ourselves, man is something...
