## A CENTURY OF RAILWAY TRAVEL

Shire. 1 Cloth(s), 2014. hard. Book Condition: New. From the Edwardian golden age of steam to the present, the railway has captured the hearts and imaginations of the British people like no other mode of travel. In wartime and peace, along major routes and minor branch lines, steam, diesel, and electric trains have been a reliable presence in an ever-changing way of life. This petite coffee-table book captures the flavor of this tradition, from the colored card ticket in hand and the rough feel of the upholstered seats to the call of the whistle as the scenery begins to move past the carriage windows. Though compact, the book pairs full-page color and black and white photos with brief articles on particular aspects of British rail travel. 112.
