Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The World Trade Organization (WTO) Understanding on Rules and Procedures Governing the Settlement of Disputes (DSU) provides a means for WTO Members to resolve disputes arising under WTO agreements. WTO Members must first attempt to settle their dispute through consultations, but if these fail the Member initiating the dispute may request that a panel examine and report on its complaint. The DSU provides for Appellate Body (AB) review of panel reports, panels to determine if a defending Member has complied with an adverse WTO decision by the established deadline in a case, and possible retaliation if the defending Member has failed to do so. Automatic establishment of panels, adoption of panel and appellate reports, and authorization of a Member's request to retaliate, along with deadlines and improved multilateral oversight of compliance, are aimed at producing a more expeditious and effective system than had existed under the General Agreement on Tariffs and Trade (GATT). To date, 418 complaints have been filed under the DSU, approximately one-half resulting in panels. Nearly one-half of the 418 complaints involve the United States as a complainant or defendant. The Office of the United States Trade Representative (USTR) represents the United States in WTO disputes. Use .
