*A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. It has been designed in an extremely basic way which is merely right after I finished reading through this publication where it basically altered me, change the way I believe.*

## GRAFFITI AND STREET ART

Thames & Hudson Ltd. Paperback. Book Condition: new. BRAND NEW, Graffiti and Street Art, Anna Waclawek, This concise and accessible survey, the latest title in Thames & Hudsons renowned "World of Art" series, is set to become the definitive popular guide to graffiti and street art. The traditional letter-based graffiti that appeared on the streets of Philadelphia and New York over forty years ago launched a global art movement that has evolved into two distinct disciplines. While both thrive illegally and challenge the concept of public space, the new wave of street art puts greater emphasis on figures, abstraction, symbols and formal techniques. This book explains the terms and language of graffiti and street art from tags and throwies to culture jamming and subvertising as well as their multiple influences and sub-genres. Organized thematically, it traces the origins and evolution of graffiti and street art, and explores the motivations and practices of the leading exponents; the relationship between these art forms and the urban environment; their interactions with (or rejection of) the market and the world of commercial galleries; and, their increasingly important role in visual culture as a whole.
