Journey to the Center of the Earth, by Jules Verne, is part of the Barnes Noble Classics series, which offers quality editions at affordable prices to the student and the general reader, including new scholarship, thoughtful design, and pages of carefully crafted extras. Here are some of the remarkable features of Barnes Noble Classics All editions are beautifully designed and are printed to superior specifications; some include illustrations of historical interest. Barnes Noble Classics pulls together a constellation of influences--biographical, historical, and literary--to enrich each reader's understanding of these enduring works. Wildly popular, prolific and prophetic, Jules Verne leads his legions of delighted readers on journeys beneath the sea and beyond the stars. Here, the grandfather of modern science fiction takes us to the Earth's core. The quest begins when irascible but dedicated mineralogy professor Otto Lidenbrock finds a centuries-old parchment inside an even older book. His nephew Axel decodes it, and discovers instructions on how to get to the center of the Earth: Go down into the crater of Snaefells Yocul, an extinct Icelandic volcano. As they descend, the explorers also travel backward...
