ELECTRIC RAILWAY TRANSPORTATION (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Electric Railway Transportation Many books have been published on electric railway engineering but none until this, we believe, purely on the transportation methods and practice of electric railways. Nevertheless, the men engaged in the transportation department of an electric railway greatly exceed in number those in the engineering department, and the opportunities for financial loss through faulty practice are at least as large if not larger. Most of the accounts of electric railway transportation practice which are mentioned in this book have appeared in the transactions of the American Electric Railway Transportation Traffic Association or in the columns of the electric railway press. The efforts of the authors of the present volume have been devoted to making this information more readily available in book form and adding such comment of their own as seemed to them of possible help to the operating man. A word of explanation and caution to the reader in regard to the methods of different companies, as described in the following pages, is necessary. The conditions on the different properties change often, due to legislative enactments, changes in wages paid, altered demands of the public and other causes. For this reason it is probable that when this book reaches the hands of its readers some of the methods described therein as employed by individual companies will have been radically altered or even abandoned. Such a condition is, of course, unavoidable in any developing industry. It ought not of itself to impair the value of the book to the average reader if the latter looks upon its pages not as a record of unchanging practice but as descriptive of some of the...
